

German National Assembly Ratifies Terms of Peace Treaty; Government Opens Court Fight Against 2 3-4 Percent Beer

CITY TO LICENSE TAXICABS, OTHER SIMILAR MOTORS

Rate to Be Charged Is Also Prescribed By New Ordinance.

With the passage of an ordinance read before the city council for the first time last evening, the operation of motor vehicles, carrying passengers for hire, will be controlled by the city, through the licensing of the cars and of the drivers.

The ordinance is drafted with the idea of putting under city control all taxicabs, motor busses and other vehicles used to transport passengers within the city limits. Heretofore the city has had no control over the operation of such vehicles, and is one of a very few cities in the state having no regulations of this kind.

The ordinance provides that no vehicle shall be used for carrying passengers unless a license has been issued by the city. The license fee will be \$2 per annum, per passenger, seating capacity of the vehicle.

Each person seeking a license to operate such carrying conveyance shall, in order to protect passengers from injury and property from damage, deposit with the city an insurance policy or bond for an amount equal to \$200 per passenger seating capacity. The ordinance provides that such policy or bond shall at all times cover the operation of the vehicle.

License for Drivers

Any person desiring to drive a motor vehicle for carrying passengers for hire must have a license, to be secured from the city clerk. The applicant must fill out an application showing name, age, residence and past experience and employment. The application must be accompanied by a certificate from no less than two persons.

YOUNG BROWN HELD TO THE GRAND JURY

Russell K. Brown, the 16-year-old boy, who was arrested at the Dixon Inn, where he was working as night clerk, for the theft of an automobile in Sterling last Friday, was bound over to the Whiteside county grand jury by Justice L. L. Weaver of Sterling, when he pleaded guilty to the theft of the machine.

When questioned by the Justice as to why he took the car he could give no real reason, except that he simply took it and came to Dixon with it and that he intended to return it. The fact that he had taken the license plates off the car and placed others on it, however, made it appear that he intended to keep the car.

He gave his age as sixteen years and stated that his parents lived in Maryland. He came west to get work and was sent to Dixon from an employment agency in Chicago.

He showed the judge a card he had received a few days ago from his mother, but requested that she be not told of his getting into trouble, as he did not want her to know of it. He was pretty well broken in spirit as he testified and began to realize the seriousness of his deed.

Lewis Will Decline Belgian Decoration

By Associated Press Leased Wire
Chicago, Ill., July 9.—James Hamilton Lewis, former United States senator from Illinois, who recently received word that he had been decorated by Belgium for war services, announced today that he had written the king of Belgium declining the honor.

"The law passed by congress allowing decorations for military service on battlefields cannot apply to me as my service to Belgium, though done at the front and on the battlefields, was not of the character entitling me to decoration," Mr. Lewis said.

Mistaken for Thief; Man Kills His Wife

By Associated Press Leased Wire
Danville, Ill., July 9.—Mrs. Gertrude Myers, bride of a few months, was shot and killed this morning when her husband mistook her for a burglar. Hearing a noise at a rear door she awakened her husband, who arose and procured a pistol. The woman arose a few seconds later, went through the house and entered the kitchen by a door opposite her husband. He fired when he saw her shadow. She was shot through the heart, dying instantly.

Bibles Presented to Crew of Big Balloon

By Associated Press Leased Wire
New York, July 9.—When the R-34 starts on her return flight to England, each member of the crew will carry a bible, the gift of the New York Bible society, it was announced here by Dr. George William Carter, general secretary of the society, who made the presentation. A specially bound edition also was given to the R-34 as part of the dirigible's equipment.

WOULD PREVENT PRESIDENT FROM LEAVING COUNTRY

Rep. Campbell, Kansas, Introduced Bill in the House.

By Associated Press Leased Wire
Washington, D. C., July 9.—The president of the United States would not be permitted, during his term of office, to leave the country or to perform the duties of his office except at Washington, under a bill introduced today by Representative Campbell, of Kansas, chairman of the house rules committee.

Provisions of Bill.

"Be it enacted by the senate and house of representatives of the United States of America in congress assembled, section 7, that from and after the passage of this act, it shall be unlawful for the president of the United States, during the term of his office, to absent himself from the territorial jurisdiction of the United States or to perform the duties of his office at any other place than at the seat of government established by the act for establishment of the temporary and permanent seat of government of the United States, approved July 16, 1790, to which this act is an amendment."

Campbell Will Spear.

Representative Campbell had prepared a lengthy address on his bill in which he sharply criticized President Wilson for going to Europe for the peace conference, but unanimous consent for its immediate delivery was refused by Representative Blanton, democrat, Texas. Mr. Campbell hoped to deliver the speech later in the day, but in the meantime he made it public in the form of a statement.

PITTSBURG FIRM MADE DEFENDANT IN TEST ACTION

Brewery Charged with Violating War Time Prohibition.

By Associated Press Leased Wire
Pittsburg, Pa., July 9.—The government's drive against the sale of beer containing 2 3/4 percent alcohol was launched here today when United States Attorney R. L. Crawford filed a suit against the Pittsburg Brewing Co., one of the city's largest breweries, in the United States district court this noon, charging violation of the war time prohibition law. Twelve officials of the company were named in the information.

Immediately following filing of the suit, United States Judge W. H. S. Thompson on pleas of the federal attorney, issued a writ upon the company to appear in court. Simultaneously, he issued bench warrants for the arrest of the twelve officers of the company named in the suit. The warrants were placed in the hands of United States Marshal Short, who immediately started out to round up the officials.

ARGO IS QUIET TODAY; STRIKERS STILL ARE IDLE

By Associated Press Leased Wire
Chicago, July 9.—Quiet reigned today at the plant of the Corn Products Refining company at Argo, Ill., where yesterday two persons were killed and a score wounded in a fight between armed guards of the company and strikers. Sheriff Charles W. Peters today sent 50 additional deputies to the plant to preserve order which brings the number of deputies on duty there to 90.

The plant has been closed down temporarily and it is said no attempt will be made to resume operations for several days.

2000 Men on Strike

About 2000 workmen are on a strike to enforce their demand for a closed shop. There is no dispute over wages or hours of labor as the men have an 8-hour day and were given a voluntary increase in wages July 1.

Two hundred employees, it is said, refused to join the strikers.

The large plant is picketed by strikers who held several meetings during the day.

FIRST CLINIC OF TUBERCULOSIS ASSN. THIS A. M.

Was Conducted By Dr. Adkins of State Association.

Dr. Russell E. Adkins, director of the medical field service of the Illinois tuberculosis association with headquarters in Springfield, presided at the first clinic to be held by the Lee County tuberculosis association this morning. The clinic was held in the presence of a party of Dixon physicians who assisted and were instructed by Dr. Adkins.

A patient in the early stages of the disease was present, a Hungarian woman residing east of the city. Dr. Adkins briefly stated to the physicians some of the methods that are being adopted and in use by the state association in the conducting of clinics in many counties throughout the state. The plan is to hold not less than one clinic weekly in Lee county. The board of directors of the Lee county association were present and are making an effort to have the first clinic conducted by members of the state association. This matter was not definitely decided upon and Dr. Adkins assured the members that they would receive any assistance that could be secured toward this end.

He advised the securing of a competent and dependable nurse at once to begin the work of canvassing the county. In this connection clinics will be held throughout the county and a dispensary started very soon. The clinic this morning was held for the benefit of the physicians and owing to the short notice of the arrival of Dr. Adkins, word could only be sent out to the Dixon physicians, and many of these were unable to attend on account of previous engagements. It is planned to hold other clinics in Dixon and other parts of the county at which time ample notice will be given to physicians in order that they may arrange to be present.

Following the clinic this morning, Dr. Adkins was a guest of the members of the Nachusa Tavern and left at 2 o'clock for Sterling, where he will transact similar business.

Shop Open Today

"The plant will be open as usual," said Sup't. Lawton this morning. "Any employee who wishes to work will be given that opportunity."

The officials declared they anticipate no violence, but they have taken precautionary measures for the safeguarding of men who did not join in the strike. A heavy guard was thrown around the Pekin plant last night. Officials of Tazewell county are watching the developments of the strike closely.

SLOTHOWER TOOK 3 CRAP SHOOTERS

Commissioner W. V. Slothower yesterday afternoon broke up a crap game that was in progress near the corner of First street and College avenue, arresting Harvey Willett, Dale Lambert and Harvey Willett. The trio were arraigned before Justice Grover Gehant, where the minimum fine of \$10 and costs was imposed on charges of gambling.

The commissioner had warned the trio numerous times before, according to the police, and his warnings were unheeded. He drove by the shoe factory yesterday afternoon and discovered the game in progress and told the young men that they would be arrested and fined if the game was not broken up. No heed was paid to his warning as he returned about 15 minutes later to find it still in progress.

The commissioner took it upon himself to break up the gambling on the street at this time and succeeded in getting 20 cents out of the pot and one of the dice.

U. S. BALLOON EXPERT DESCRIBES DIRIGIBLE WHICH CROSSES OCEAN

First Detailed Account of Construction of R-34 is Given.

By Associated Press Leased Wire
Mineola, N. Y., July 9.—Officers of the United States army and the navy aviation sections have been permitted to inspect the ship and Captain Samuel T. Moore of the balloon section of the army today gave to The Associated Press representative a description of the first lighter-than-air ship to cross the Atlantic.

Over-all the R-34 is 640 feet in length with four cars or gondolas suspended from the cigar-shaped envelope. The forward gondola is occupied by the navigator and pilots and from it all parts of the ship are controlled by means of speaking tubes and bell signals. Here also is the mechanism for controlling the water ballast tanks. Of the two pilot wheels in this forward car, the front wheel controls the rudder, while the side wheel controls the elevator planes. This car also contains the navigator's plotting table where he makes his charts and here also are his navigating instruments.

Engines Are Separated.

In the rear of the forward gondola is the wireless room which also holds one of the ship's engines. From the navigator's car a ladder of aluminum runs to the ship proper above. This ladder is enclosed and to the observer at a distance it resembles a tube. The two side gondolas each contain an engine and are only large enough for two men to work. The rear car holds two engines.

While the gondolas can be seen by visitors to the field, little or nothing has been allowed to filter out concerning the inside of the big bag. Inside the bag is the deck of the ship. It runs

WILSON'S SWING AROUND COUNTRY MAY BE DELAYED

Chief Executive Has Much Work to Do Before Trip.

By Associated Press Leased Wire
Washington, July 9.—President Wilson returned to his desk today after an absence of four months at the peace conference to find such a mass of official business that it probably will be two weeks before he can start on his tour of the country speaking for the peace treaty and the league of nations.

Plans for the trip have not yet been completed, but it was said at the white house that the president probably would not start his schedule as to reach the Pacific coast at the time of the arrival there of the newly created Pacific fleet, which is to start from Hampton Roads for San Francisco July 19.

Ready to Discuss Peace

President Wilson was represented as being ready to place himself at the disposal of the senate foreign relations committee or other committees of congress to answer any questions concerning the peace treaty and the league of nations, which he will present to the senate tomorrow in person.

While no definite engagements for the president had been made early today, he was expected to confer with members of the senate committee and also with cabinet officials and others within the next few days.

The president remained in bed late today, resting after his trip home. Rear Admiral Cary T. Grayson, his personal physician, said the president was in splendid health.

Confers With Tumulty.

Going to his office shortly before 11 o'clock, the president summoned Secretary Tumulty and they spent some time mapping out a program of work. Most pressing of the many matters before the president were the annual appropriation bills recently passed by congress. In considering the agricultural bill the executive had before him many requests that he veto the measure because of the order repealing the daylight savings law. Ignacio Calderon, the Bolivian minister, was the first caller at the white house today. The minister left his card, but did not see the president.

FACES RUS' TIMES

By Associated Press Leased Wire
Washington, July 9.—Refreshed after a night's rest, the first he has spent at the white house in four months, President Wilson early today began what promised to be one of the busiest days of his career as chief executive of the United States.

In addition to the vast amount of routine work which has accumulated during his long stay at the peace conference at Paris and which included the signing of a number of important appropriation measures passed recently by congress, the president had planned conferences throughout the day with congressional leaders and members of his cabinet and executive staff. It also was expected that if time was available, later in the day the members of the senate foreign relations committee would be received at the white house for a conference on the peace treaty.

Thursday Speech Finished

The president found that everything had been arranged so practically every minute of his time would be taken up and rapid progress in cleaning up routine.

CHILDREN CAN GET FINE WAR SOUVENIRS

Pupils of the Lee county schools will be given an opportunity of securing a very suitable souvenir of the world war in the form of a pound-and-a-half hand grenade at the opening of the school year this fall. The War Savings organization for the state of Illinois has written to County Superintendent L. W. Miller explaining how the grenades will be distributed and the requirements.

Children under ten years of age who display one War Savings stamp purchased with money earned during the summer vacation, and who also bring a story telling how the money was earned, will be given one of these grenades made into a coin bank. Children over ten years of age will be required to buy two War Savings stamps in order to win the bank. It will also be necessary for the teachers to keep records and vouch for the fact that each pupil competing has shown his or her War Savings stamp and also turned in a story telling how he or she accomplished it.

CAN EXCHANGE 3-CENT ENVELOPES

Postmaster W. F. Hogan has given out the information that people having three-cent stamped envelopes and two-cent postcards may exchange them at the postoffice. The clerks at the office have had numerous inquiries from persons having three-cent stamps, who desired to exchange them for the two-cent postage. Three-cent stamps cannot be exchanged and can be used on parcels post or other mail matter.

GERMANY PLANS ECONOMY TO PAY ALLIED DEMANDS

System is Outlined in Assembly By Finance Minister Erzberger.

By Associated Press Leased Wire
Berlin, July 8.—(Delayed.)—Germany is to quickly return to a peace time financial system, said Matthias Erzberger, vice chancellor and minister of finance, speaking at Weimar before the German national assembly today. Among other things the payment of grants to men who are unemployed will be reduced, it was indicated during his address. "The empire's needs must be divided henceforth between home needs and indemnities," he said. "The year's expenditures confronting us will amount to about 17,000,000,000 marks. I am firmly resolved to tread the hard path of economy and therefore have given out the watchword that from October 1, 1919, there shall be no more items not detailed and there shall be no more war funds."

After citing the returns to the empire from taxation measures prior to and during the war and estimating the revenue to be derived from new tax bills, Herr Erzberger said:

"There still remains a sum of over ten billion marks to be covered. The ministry of finance has almost completed the drafting of two important bills levying new taxes which I lay

Labor Body Demands League Eligibility for Every Country

By Associated Press Leased Wire
New York, July 9.—A demand that all the nations of the world be made eligible to the league of nations was adopted here today at the first annual congress of the pan-American federation of labor by delegates from 17 countries, including the United States.

The demand was formulated in an amendment proposed by Samuel Gompers, president of the congress and head of the American Federation of Labor, following a report by the committee on resolutions endorsing the league of nations.

Lively discussion was precipitated by the report, several of the delegates contending that it was "unreasonable" to expect the labor movement in countries which had not been admitted to the league to do more than sympathize with its general aims.

FORMER AMBOY MAN IN FINE POSITION

The following St. Louis dispatch from the Kansas City Star of Sunday will be of interest to the many friends of Louis H. Egan, the youngest son of Mr. and Mrs. John M. Egan, of Amboy:

"Louis H. Egan, former general manager of the Kansas City Light and Power company, has been elected vice-president and general manager of the Union Electric Light and Power company of St. Louis, which supplies the city's lighting and that of suburban towns. Egan has been successful in obtaining favorable rate adjustments for the St. Louis County Gas company, of which he has been vice-president and general manager, without the recourse of an appeal to the public service commission but upon agreement with the seven towns of the county which his company serves. He has been also assistant general manager of the Union company."

MISS OLGA BROWN CALLED BY CREATOR

Miss Olga Brown, a resident of the Chicago road, passed away at 4:50 o'clock this morning at the Dixon hospital following an operation. The time of the funeral has not been set, pending the arrival of relatives, and the funeral announcement and obituary will be published later. Miss Brown, who has lived on her farm on the Chicago road about 3 miles southeast of Dixon for many years, was a well known and greatly beloved woman and the passing of this lady, whose sweet nature and noble character had made her a wide circle of devoted friends, brings grief to many Dixon people as well as to her neighbors and relatives.

DR. POWELL TO GO TO GRANT; DISCHARGE

Dr. George P. RESOLUTION FOR APPROVAL GIVEN O.K. 208 TO 115

Protocol and Special Agreements Accepted By the Assembly.

By Associated Press Leased Wire
Weimar, July 9.—(Via Coblenz.)—The resolution ratifying the peace treaty was adopted by the German national assembly today by a vote of 208 to 115.

By Associated Press Leased Wire
Paris, July 9.—The German national assembly in Weimar has adopted the resolution ratifying the peace treaty, according to advices received here today.

The resolution reads:

"The peace treaty signed on June 28, 1919, as well as the protocol, annexed and special agreements on military occupation of the Rhineland are hereby ratified. This law becomes effective from the date of its promulgation."

Ratification of the peace treaty by the German national assembly removes all doubt of the acceptance of the terms by Germany.

The national assembly by ratifying the treaty makes it possible for the allied and associated powers to raise the blockade. Official notification was sent Germany June 29 that the blockade would be raised when the treaty was ratified. Placing this condition on the raising of the blockade was looked upon in peace conference circles as a sure plan for securing speedy ratification by Germany.

The council of five on Monday decided to lift the commercial censorship on communications with Germany simultaneously with the removal of the blockade.

When three of the principal allied powers, in addition to Germany have ratified the treaty it becomes effective for those who have ratified it. After Germany and the three allied powers have ratified it, the treaty will come into force for each other powers on the day when it notifies the peace conference secretariat of its ratification.

The resolution adopted by the allied council concerning the blockade was as follows:

"The superior blockade council is instructed to base its arrangements for rescinding restriction upon trade with Germany upon the assumption that the allied and associated powers will not wait to raise the blockade until the completion of ratification, as provided for at the end of the treaty with Germany, but that it is to be raised immediately upon receipt of information that the treaty of peace has been ratified by Germany."

Promulgation of the resolution ratifying the treaty is dependent upon the signing of the resolution by President Ebert.

Noted English Beauty Found Shot in Home

By Associated Press Leased Wire
London, July 9.—Mrs. Arthur Elliot, better known as Mrs. Mabel Lodise Atherton, divorced wife of Colonel Thomas Atherton, was found shot this morning in her home in London, according to the Evening Standard this afternoon.

Mrs. Elliot, who was a sister of Sir Aubrey Dean-Paul, whose years ago sued Baron Churston, then John Reginald Yardie-Buller, for breach of promise. The case created a considerable sensation at the time. Last April she married Captain Arthur Elliot, a dramatist, a grandson of the late Earl of St. Germans.

STREET OILING IS STARTED ON PEORIA

Oiling of streets was started today and will be continued as rapidly as possible until every street, for which application is made, has been covered. The work started this morning on Peoria avenue from Third street south. An Entyre oiler, shipped here for trial, will be used for this work. The city has advertised for bids on an oiler and will purchase one when bids are received. The first car of oil has been received and another car ordered for future work.

STEWART WON FROM LEE; FANS JUBILANT

Steward, Ill., July 9.—Steward base ball fans are extremely jubilant this week, all because the Steward base ball team, after many attempts during the past several seasons, has succeeded in trimming a team from Lee. INCREASE MADE IN CHARGES AT CITY CEMETERY

Care of Lots Will Be Higher—Digging of Graves Also Up.

Charges for care of cemetery lots, for grave openings and other services at Oakwood cemetery were increased last evening in a resolution adopted by the city council.

The new charges for care of lots for a season are as follows: Lots up to 8x12 ft. \$1.50; lots up to 12x12 ft. \$1.75; lots up to 12x15 ft. \$2.00; lots up to 12x16 ft. \$2.25; lots 15x16 ft. \$2.50; lots up to 16x20 ft. \$3.50; lots 20x20 ft. \$4.00; above 20x20, one cent per square foot.

Charges for grave openings in the future will be in accordance to the following schedule: One year and less, \$5.00; children 1 to 12 years, \$6.00; adults, over 12 years, \$8.75.

Vault openings are charged for at the following rates:

Infants, one year or less, \$7.50; children, one to 12 years, \$8.50; adults, over 12 years, \$9.50.

Labor Causes Increase
Where sheeting is required or excavations made in other than virgin soil or excavations in rock, the above prices plus 10 per cent will be charged. Work done on Sundays or holidays will be charged for at double regular rates.

The new schedule was adopted by the council in view of the increased cost of labor. The rates now charged are those in effect for the past several years and have not advanced in proportion to labor prices.

Police to Sell Property.
Commissioner of Public Health and Safety Slothower asked that an ordinance be drafted giving the department authority to sell all property in the possession of the department and such that may hereafter come into its possession 90 days after it is advertised. This ordinance will allow the department to dispose of articles found and for which the owners do not call.

The board of local improvements reported to the council that no bids had been received for the construction of the first street sewer.

Lyell H. Northrup was granted permission to erect an electric sign at his place of business, 607 West Seventh st. Bills to the amount of \$840.16 were allowed and ordered paid.

Don't Hide Them With a Veil; Remove Them With Othine Double Strength

This preparation for the removal of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee.

What you hesitate to tell your dearest friend

A heart-to-heart talk about a physiological fact every woman should understand

IGNORANCE that permits avoidable injury to ourselves and others is wrong. Such ignorance should be dispelled by frankness, though the telling of the facts may be difficult and unpleasant.

There is a certain physiological fact that even close friends have permitted to mar their companionship because of ignorance and a false sense of modesty.

You have known women ambitious socially and women aspiring for success in the business world who have fallen short of their hopes because of it.

We believe the time has come to do away with the false modesty that has made it possible for this thing to live so long, and, by a simple and frank discussion, eliminate forever the social harm it does.

A little thing—but it makes such a difference

Many a woman who says, "No, I am never annoyed by perspiration," does not know the facts—does not realize how much greater her charm would be if she were entirely free from both its odor and moisture.

We all know that our body is covered with innumerable perspiration glands. We also know that those under the arms are usually more active than others.

But we do not consider that, although in most places perspiration evaporates quickly, under the arms it does not. Here the curve of the arm prevents rapid evaporation. So, even though we may be aware of no moisture, an odor formed

How fastidious women are meeting the situation

Fastidious women everywhere are meeting this trying situation with methods that are simple and direct.

They have learned that it cannot be neglected any more than any other essential of a woman's toilet. They are giving it the regular attention that they give to their hair, or teeth or hands. And for this purpose they are using Odorono, a toilet water specially prepared to correct both perspiration odor and moisture.

Antiseptic in its nature, perfectly harmless, Odorono is itself entirely without odor. Its regular use does the very thing that women are demanding—it gives absolute assurance of a daintiness that is unmarred by even the slightest taint of unpleasant odor or moisture. It really corrects the cause.

So absolutely sure when made a regular habit

Any woman can dismiss any thought about annoyance from perspiration if she uses Odorono just two or three times a week. At night pat it on the underarms with a bit of cloth or absorbent cotton. Don't rub in. Allow it to dry, and then dust on a little talcum.

The underarms will remain dry and odorless! Daily baths do not lessen its effect. You'll know that with this constant, systematic treatment you'll be absolutely dainty in any circumstances.

If you are troubled in any unusual way or have had any difficulty in finding relief, let us help you solve your problem. We shall be so glad to do so. Address: Ruth Miller, The Odorono Co., 950 Blair Avenue, Cincinnati, Ohio.

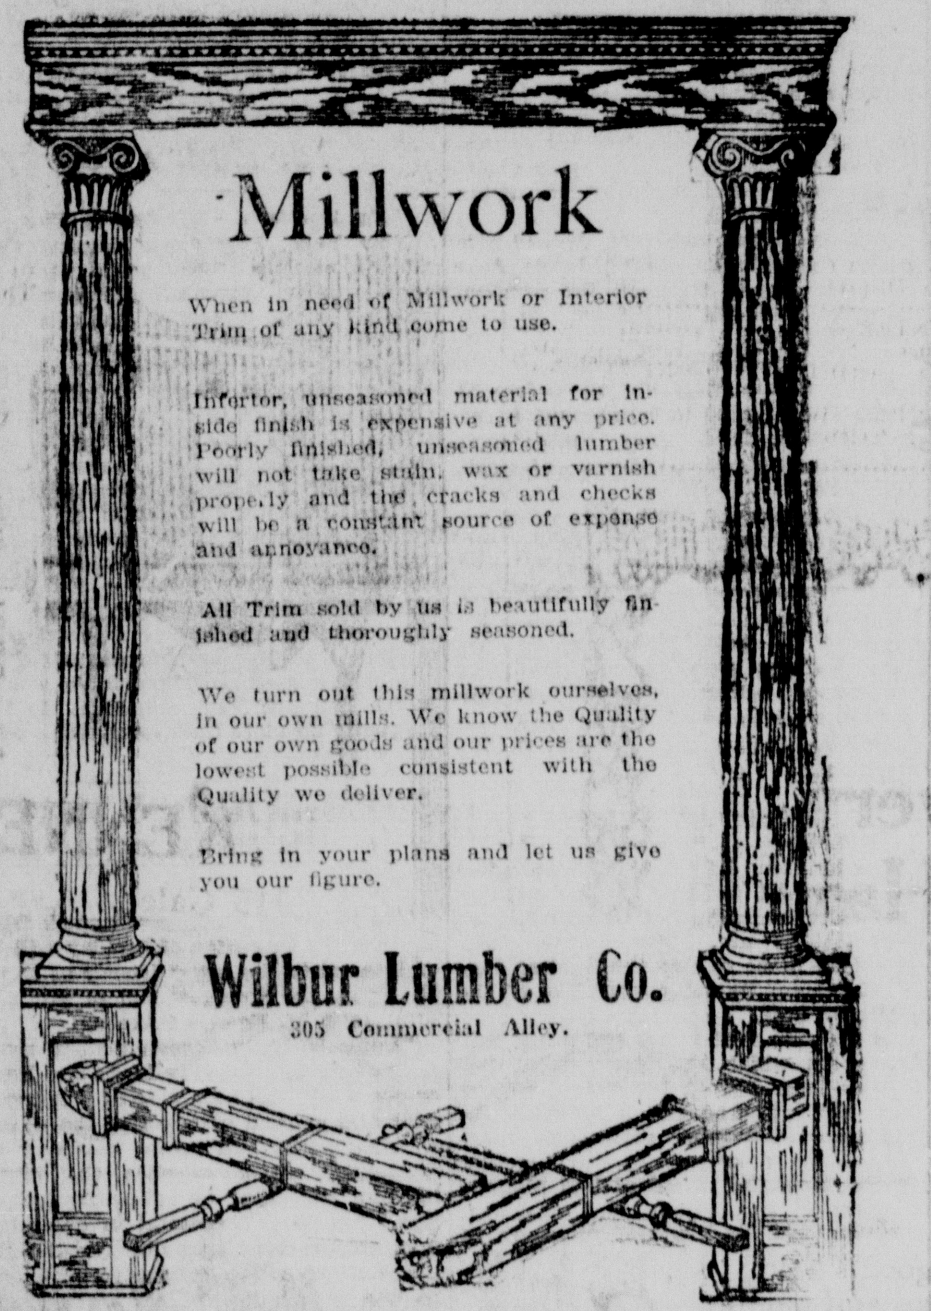

Your dealer can supply you. Go to him today and get a bottle of Odorono of the size that you prefer. Regular sizes, 60c and \$1.00. Trial size, 30c.

from the chemicals of the body is usually there.

It is a physiological fact that persons troubled by perspiration odor are themselves often unaware

of it. It is also true that few persons are not subject to this odor, at least at times.

So tricky an enemy is perspiration that, under stress of exercise or sudden excitement, it may, unknown to us, become an annoyance to others. Even though guarded against by daily baths, fresh linens, and much talcum powder, it is likely to make its presence known at the most inconvenient moments.

Millwork

When in need of Millwork or Interior Trim of any kind come to us.

Interior, unseasoned material for inside finish is expensive at any price. Poorly finished, unseasoned lumber will not take stain, wax or varnish properly and the cracks and checks will be a constant source of expense and annoyance.

All Trim sold by us is beautifully finished and thoroughly seasoned.

Davies-Staples Wedding Tonight

The marriage of Miss Mary Staples, daughter of Mr. and Mrs. Edward L. Staples, of 223 North Galena avenue, and John L. Davies, son of Mrs. Thomas G. Davies, of 614 Hennepin avenue, will take place this evening at 7:30 o'clock at the bride's home. Rev. Jesse M. Tidball, of the First Presbyterian church, will read the service. The bride will be unattended. She will be given away by her father.

Today the friends of Miss Staples, under the direction of Mrs. W. W. Gilbert, have been making the interior of the Staples residence a veritable bower of flowers. The balustrade of the stairway will be banked with asparagus ferns and white daisies, the dining room done in pink and white, with a basket of roses tied in pink tulle centering the table. Queen Anne's Lace and pink flowers will fill the dome above the table from which pink gauze ribbons will be carried to the corners of the table, there to be tied in huge bows. The fire place in the dining room will be banked in asparagus ferns and pink and white flowers. One end of the living room, separated by an arch from the other part, will be made into a ceremonial bower. Here the pink and white flowers will be suspended from the ceiling in chains and the bay window at one end will be banked with greenery and flowers. Bouquets of roses and raisins will be used liberally.

The bride-to-be is to wear a white satin gown, en traine and pearl trimmed, with a veil fastened by orange blossoms. A shower bouquet of bride's roses will be carried. Miss Mary Buck, of Chicago, will play the Bridal Chorus from Lohengrin preceding the ceremony. Refreshments will be served the guests after the ceremony. Miss Hattie Cook catering.

The honeymoon trip is to be a western one. The bride-to-be's traveling costume is to be a tailored in tan with hat and other accessories matching. They will return in two weeks to make their home at 606 Hennepin avenue, the property recently purchased by Mr. Davies from the Joseph F. Palmer estate.

Miss Staples has but recently returned from France where she served as a Red Cross nurse in the hospital at Savernay for seven or eight months. Her Red Cross service in this country and France extended over a period of thirteen months. She is a graduate of a hospital at Rutland, Vt., her former home. She has been very popular in Dixon society ever since coming here a few years ago and was remembered with quantities of beautiful wedding gifts.

Mr. Davies is cashier of the City National Bank of this city. Among the guests from away to be in attendance at the wedding this evening are: Mr. and Mrs. M. L. Davies, of Winnetka; Mrs. Westerman, of Madison, Wis.; Joseph Davies, of Washington, D. C.; Mrs. Bertha Griffith, of Batavia; Dr. Mary Allen, of Chicago;

Mrs. Ralph Reynolds, of Chicago; and Dr. Spencer, of Batavia.

SURPRISE MR. MANAHAN—

Officers of the Woodman lodge and the Foresters' Drill team and their wives succeeded last evening in completely surprising Frank Manahan by gathering at his home in honor of his birthday. Mr. Manahan claimed that this was the first time he was ever surprised and the guests believe his surprise was genuine as he was away fishing upon their arrival and returned later in rubber boots and the other accoutrement which fishermen usually effect. During the evening, which was passed enjoyably in play cards, W. E. White, as spokesman, presented Mr. Manahan with a set of gold cuff links inscribed with the Woodman insignia. Refreshments of ice cream and cake were served.

EASTERN STAR PICNIC—

An especially largely attended picnic was that of Dorothy Chapter, O. E. S., held Tuesday in Lowell Park. Between one-hundred and eighty-five and two hundred people were in attendance, including a number from out-of-town. The picnic supper was served in cafeteria fashion, the participants repairing to the tables provided after serving themselves. The day was ideal and everyone made the most of the occasion, enjoying the affair to the utmost.

HERE FROM ST. LOUIS—

Stanley Cryor of the news staff of the St. Louis Star and his wife are guests at the home of Mrs. James McCoy, of 314 Pine street. Mr. Cryor was formerly connected with Dixon newspapers. Mr. Cryor will remain for the week and Mrs. Cryor will visit her relatives for a longer period.

A Free Book About Preserving Every Housewife Should Have

Even Beginners Can be Sure of Success by Following its Suggestions

Good preserving is now very easy. Most of your preserving difficulties have come from using sugar alone.

Make your preserving syrup with 1/2 Karo (Red Label) and 1/2 sugar—and you can be sure of your results.

You can always count on good, clear jams and jellies with this recipe—and you can be sure that they will not grow tough or "candied" in the glass.

This fine, clear Karo Syrup has a natural affinity for the fruit juices. It blends the sugar with the fruit and brings out the full "fruity" flavor.

For Cooking, Baking and Candy Making Karo (Red Label) is used in millions of homes. In all cooking and baking recipes use Karo instead of sugar. It is sweet, of delicate flavor, and brings out the natural flavor of the food.

FREE A real cook book including recipes for sure results in preserving, everybody appreciates. Sixty-eight pages handsomely illustrated. Write us today. The book is free.

The Brunswick

Why the Brunswick Method of Reproduction Insures a Superior Phonograph

Reason No. 1 The Brunswick Method of Reproduction includes the Ultona, a new conception in playing. This Ultona consists of an arrangement of the several necessary reproducing diaphragms upon one tone arm—an all-in-one arrangement, with no attachments—nothing to take off or put on.

At a turn of the hand, the Ultona presents to any type of record the proper diaphragm and needle, the exact weight. Thus the requirements of each type of record are met. The Ultona demands no sacrifice in tone, as attachments often do.

Reason No. 2 Equal in importance to reproduction is tone amplification. The Brunswick Method of Reproduction also includes a new idea in acoustics—The Brunswick Amplifier.

Old-time ideas were at variance. Some makers still cling to metal construction. Others use a combination of wood and metal—a wooden horn and a metal casting as the "throat."

But the Brunswick Amplifier is oval in shape, and built entirely of wood, like a fine violin. It is molded of rare holly-wood. The sound waves receive uniform amplification to reach their fullness, hence The Brunswick tone is richer and more natural. Strident, metallic notes are absent.

We Invite Comparison

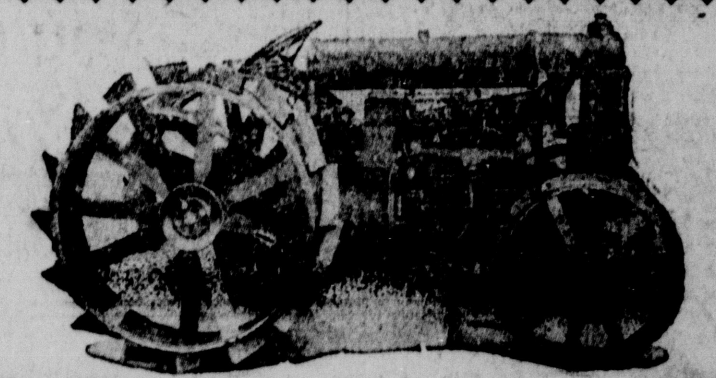

Make comparisons. Let your ear decide. Try to find an equal to Brunswick tone.

You're bound to end such a search at a Brunswick shop, where every opportunity will be given you to decide for yourself.

LEGISLATIVE HYSTERIA.

The Pennsylvania legislature has
passed an anti-sedition bill which will
go down in history as a memorable
piece of legislative hysteria whether it
is vetoed or not. One clause of this
bill gives courts and juries the right to
punish any whose utterances even
"tend" to discredit the government. If
the bill goes into effect and is taken
literally, there will not be enough citi-
zens out of jail shortly in Pennsylvania
to fill the jury boxes.

Unfavorable Winds
Hold Up Dirigible

By Associated Press Leased Wire
Minneapolis, N. Y., July 9.—Again today
unfavorable winds from the east pre-
vented the giant dirigible from starting
on her return trip to England. British
officers in charge of the R-34, announced
that there was no prospect that the
big airship would get away before dawn
tomorrow. It was made clear, however,
that the start would be made at day-
break tomorrow or on Friday, for at
that hour the maximum amount of gas
could be taken on in the bags.

TO ELKS CONVENTION
Past Exalted Ruler Charles R. Leake
of the Dixon lodge of Elks has gone to
Atlantic City, N. J., as a delegate from
the local lodge to attend the annual na-
tional convention, which convened this
morning. Governor Frank O. Lowden
is on the program as one of the prin-
cipal speakers at the convention this
year, he being a member of Dixon lodge
No. 779.

tend to submit to the house before the
parliamentary recess," he continued.
"These call for a large single levy on
property and a large tax on business
turnover, but even if these bills are
passed, the money for the payment of
indemnities must be obtained in some
other way. In the autumn new bills will
be introduced in the national assembly
with the final object of covering this
deficit.
"The burdens of taxation will reach
an absolutely terrible height. A float-
ing debt of 72,000,000,000 marks is a
constant danger and the removal of this
debt is one of our most urgent tasks.
There are two ways in which to do it—
either its conversion into a funded loan
or its extinction by big levies and a
heavy property tax. I do not indulge
the hope that these two ways will im-
mediately yield the entire liquid amount
of 72,000,000,000 marks. It is the duty
of propertyed people, not only to bow to
a state of compulsion but to achieve an
inward conviction as to the necessity
of giving up all rights and all that is
superfluous.
Tax Bills Drawn
"Change in the system of taxation
will be speedily submitted to the nation-
al assembly and this reform will repre-
sent the completion of the whole work."
Herr Erzberger concluded by asking
that taxation bills be disposed of be-
fore a recess is taken, adding:
"The war takes our riches. The world
has denied us international justice. All
the more passionately and energetically,

however, will we work for the home-
land again, and, flourishing in justice,
concentrate our care and endeavor up-
on the poor but just German."

Will Prevent Sale of
Hungarian Securities
By Associated Press Leased Wire
Paris, July 9.—The council of five has
been advised that Bela Kun, the head of
the Hungarian communist government,
proposes to sell a large amount of se-
curities he holds, has under considera-
tion a note to him disapproving his
plan. If it sends a note to Bela Kun,
the council probably will send a note
also to all nations advising their nation-
als not to purchase the securities offer-
ed by the Hungarians.
The council, it is said, feels that it is
to the best interests of the allies and
Hungary that the securities be kept
within Hungary.

Alaska's Fish Worth
More Than Its Gold
By Associated Press Leased Wire
Seattle, Wash., July 9.—Alaska's fish
according to government statistics, will
return more revenue than the country's
gold deposits, said Professor Henry B.
Ward, head of the department of zool-
ogy of the university of Illinois, Cham-
paign, Ill., who is here today on his way
to Alaska on a mission for the United
States bureau of fisheries.
Salmon caught in Alaska waters last
year brought \$71,000,000 wholesale at
the northern canneries, Professor Ward
said.

CHRISTIANS WIN
8-4 GAME FROM
PRESBYTERIANS

The Christians, playing good base-
ball, won a close game from the Presby-
terians last evening by the score of 8 to
4. The game was a tight one from the
start, the Christians getting an early
lead and maintaining it throughout.
Rice pitched for the Christians, hav-
ing good support. Tidball was on the
mound for the Presbyterians but was
safely hit more often than Rice. The

German Delegates to
Paris Meet Delayed
By Associated Press Leased Wire
Paris, July 9.—Transportation diffi-
culties have resulted in a further delay
of the German plenipotentiaries desig-
nated to come to Versailles for the oral
discussion regarding execution of the
reparations and other features of the
peace treaty which the allied powers re-
cently signified their willingness to en-
ter into.
It developed today that the Germans
would not reach Versailles in time to
begin the negotiations tomorrow as had
been expected.

BRINGS FRENCH BRIDE—
Captain (Dr.) Hiram Miller of Berke-
ley, California, a former resident of
Dixon, brought with him to this coun-
try a French bride, the daughter of a
surgeon, Dr. Simone, of Paris, with
whom he was associated in his work in
the hospitals of France. They arrived
in New York on June 28th, according
to the word received here by his grand-
mother, Mrs. Hiram Heller, and other
relatives. He describes his bride as
handsome and accomplished. She
speaks English and German as well as
her native tongue. Dr. Miller had
charge of a hospital in Nice during the
latter part of the war.
His brother, Lt. Harold Miller, who
was connected with a hospital near Nice,
and a cousin, Sgt. Fred Sanford, are on
their way across from France. They
wrote their grandmother upon embark-
ing.
Mrs. Heller is especially happy that
of her four grandsons in the service—
the other is Lefty Miller of the naval
service—all are returning in safety.

who is recovering from an operation,
will enjoy an outing this summer at
the Howell cottage up river.

W. O. M. L. MEETING—
The Women of Mooseheart Legion
held a regular meeting Tuesday evening
at Moose hall. During the business ses-
sion Mrs. Frank Wadzinski was ap-
pointed guard. A social session follow-
ed the business meeting.

STERLING STORES
CLOSE THURSDAYS
Beginning tomorrow noon Sterling re-
tail merchants will adopt the plan of
closing their stores at noon every
Thursday during the months of July
and August, thus giving their employes
a half-holiday. Some time ago some
of the Dixon merchants were considering
a similar plan, but nothing has been
heard concerning it recently.

WILSON'S SWING AROUND COUNTRY MAY BE DELAYED

(Continued from Page 1.)

time made possible. The speech he plans to deliver before the senate Thursday was completed before he landed at New York yesterday from the George Washington and the chief matter in connection with the league of nations to be discussed today was the proposed speech making tour over the country on which Mr. Wilson hopes to be able to leave Washington about the middle of next week. The itinerary of the trip has not yet been completed.

Big Ovation Given Him

The return of the president and his party to the capital last night was marked by one of the greatest demonstrations in point of the number of those participating that ever greeted a president on his return from a trip. District officials familiar with handling big crowds stated that the throng that greeted the presidential party at the union station and along Pennsylvania avenue was fully 100,000.

The ceremonies of welcome were brief. Responding to an address of welcome from the head of a committee of district citizens, Mr. Wilson said it came home confident that the people of the United States were for the league of nations. The unexpected welcome he said was particularly pleasing because he felt it was "immediate assurance" of his feeling.

It was after midnight when Mr. and Mrs. Wilson reached the white house from which they had been absent more than four months.

Official Papers Arrive

Three big army trucks loaded with trunks and boxes arrived at the white house before the offices were opened. The boxes contained official papers and documents relating to the peace negotiations. A large staff of clerks immediately set to work to put the documents in order.

Chicago Candymakers Strike for Increase

By Associated Press Leased Wire

Chicago, July 9.—Several thousand employees of Chicago candy factories went on strike today for higher wages and better working conditions. A crowd of men and women workers formed a procession and marched to half a dozen candy factories before noon and succeeded in inducing the employees to join the strike.

At the plant of the National Candy company on the north side several patrol wagons loaded with police appeared and dispersed the parade. One of the strikers fired a shot at the police and the police fired several shots in the air before the crowd scattered. Nobody was injured. One striker was arrested.

Secretary Lansing Starts Home Friday

By Associated Press Leased Wire

Washington, July 9.—Secretary Lansing, who has been in Paris with the American peace commission since last December, will sail for home Friday, it was announced today at the state department. His departure will leave only three American delegates at the peace conference, Colonel E. M. House, Henry White and General Tasker H. Bliss. Under Secretary of State Frank L. Polk has been asked to go to Paris to take Mr. Lansing's place, but he has not yet reached a decision. He expects to confer with President Wilson on the subject within a day or two.

New Pacific Fleet Will Sail July 19

By Associated Press Leased Wire

ASSERTS RHEUMATIC IMPURITIES CAN'T STAY IN BODY

When My Prescription Goes in Rheumatism Goes Out Along with all Poisonous Uric Acid, Says Discovered James H. Allen.

Because he was crippled with terrible rheumatism and unable to work and because doctors failed to help him, Mr. James H. Allen of Rochester decided to help himself.

Persistent study, ceaseless patience and frequent experiments convinced him that before anyone could be free from rheumatism the poisons and impurities often called uric acid deposits must be dissolved in the joints, ligaments and muscles and expelled from the system.

It took some years to get this idea into the form of a prescription, but perseverance finally conquered and in a very short period every pain and twinge and trace of rheumatism was forced to flee and Mr. Allen turned himself from a rheumatic wreck into a strong, healthy, robust man.

So pleased was he with his success that he named this wonderful medicine Allenru. Many others cursed with the agony of rheumatism tried it with results that were almost magical.

Requests for Allenru became so numerous that a decision was reached to let sufferers know of the discovery through the newspapers and now druggists throughout the country dispense the Allenru prescription, or call it for you on short notice.

FUNERAL TOMORROW FOR MRS. LAWRENCE

The funeral of the late Mrs. Lawrence will be held tomorrow afternoon at 2:30 o'clock from the Ellis Mason residence, 214 Chamberlain street. Rev. E. C. Lumsden, will conduct the services, interment taking place in the Palmyra cemetery.

Mrs. Mary Mason Lawrence was born in New York state, July 24, 1833, and when but three years of age was brought to Lee county by her parents, Hiram and Martha Moore Parks, both of whom were natives of Vermont and descended from early New England families.

In 1851 Mary Parks became the wife of Rodney Mason, a native of New York, who was brought to Illinois by his parents when a youth. He made farming his life work and continued in that occupation until called to the home beyond at the age of 44 years. He was a hard working man, upright and honorable in all his dealings and left to his children an untarnished name. The children were Mrs. Blanch Chapman, now deceased, and Ellis E. Mason, of this city. A few years later Mrs. Mason married Mr. John Lawrence who passed away in 1891. Since that time Mrs. Lawrence made her home with her children. She leaves to mourn her passing: her son, Ellis Mason and family three brothers, Henry Parks of Woodburg, and Fred and Bruce Parks, of Nebraska, and one sister, Mrs. Eunice Ayres, of Eldora, Iowa. One grand daughter, Mrs. George Edwards also survives.

93 Per Cent of Men Discharged Healthy

By Associated Press Leased Wire

Washington, July 9.—More than 93 per cent of the 2,000,000 officers and men of the army who have been demobilized since the signing of the armistice were discharged with a clean bill of health, according to an announcement today from the office of the surgeon general of the army. Six per cent of the men were reported to the bureau of war risk insurance of disabilities and 1 per cent were held on account of communicable diseases, under development or other causes.

The negro troops showed a slightly better physical condition than the white but a higher percentage were held for communicable diseases. Reports for the week ending July 5 showed a continuation of excellent health conditions in the army both at home and overseas.

Crop Condition in Past Week Good, Says Weekly State Report

By Associated Press Leased Wire

Springfield, Ill., July 9.—"The weather was warm, the sunshine ample and the rainfall varied from none to infrequent moderate showers, making conditions decidedly favorable for harvesting, threshing and haying," says the weekly weather crop report issued today by the weather bureau of the department of agriculture.

The report follows:

"Moderate rains are noted in places for corn, meadows and pastures. Corn made excellent progress and is beginning to tassle. Its condition is good to excellent in north and central, but largely poor in the south where some has been abandoned to the weeds. Spring wheat has made poor progress. Its condition is poor to good. In some areas spring wheat is being damaged somewhat by scab. Winter wheat is being harvested in the northern counties, but the harvest is mostly completed in the central and southern counties where threshing is now general. In some areas the proportion of straw is heavy. Oats are in fair to good condition; the weather was too hot during the critical period. Cutting has begun generally. Meadows average good but condition of pastures varies according to the recent rainfall."

Czecho-Slovakia to Get 25 Million Loan

By Associated Press Leased Wire

New York, July 9.—An acceptance credit of approximately \$25,000,000 for Czecho-Slovakia, with the loan guaranteed by the United States government, is being arranged here by a syndicate comprising the Central Union Trust company, Chase National Bank, and Guaranty Trust company, it was announced today. Thus far \$6,300,000 has been provided. The bills will be for 90 days and will be eligible for re-discount at federal reserve banks. The loan will be applied to purchase of commodities, chiefly cotton, in America.

MOSSHOLDER PROPERTY BRINGS GOOD PRICE

The Nicholas Mossholder estate consisting of over 400 acres of choice farm land in South Dixon township and a modern residence in Dixon, was sold at auction by Attorney Harry C. Warner Monday afternoon at the court house. James Sterling purchased one tract consisting of 135 acres at \$330 per acre. One 100 acre farm was sold to Paul Mossholder at a consideration of \$300 per acre. Mary Mossholder purchased a 160 acre tract at \$251.25 per acre and the residence in North Dixon was sold to Addie Mossholder at a consideration of \$2,000.

FARMERS BUY ELEVATOR.

The Sublette Farmers' Elevator company has purchased the Bettendorf elevator in Sublette and will operate this plant in connection with the present business. The Bettendorf elevator will probably be dismantled of machinery and used exclusively for grain storage purposes.

Miss Bessie Denny, who is having her vacation from her duties at the Miller music store, and her aunt, Mrs. Mary Maher, have gone to Chicago for a visit with relatives, after which they will go to Ohio.

MISS VAILE GOES TO LA CROSSE, WIS.

Miss Claire Vaile has resigned her position as stenographer at the Dixon state colony and left today for Chicago. She will continue, after a visit with friends and relatives, to LaCrosse, Wis., where she has accepted a position as secretary to Charles B. Yonts, formerly of this city, now assistant manager of the LaCrosse Light and Power company.

NEW HIGHWAY CAFE WILL OPEN TOMORROW

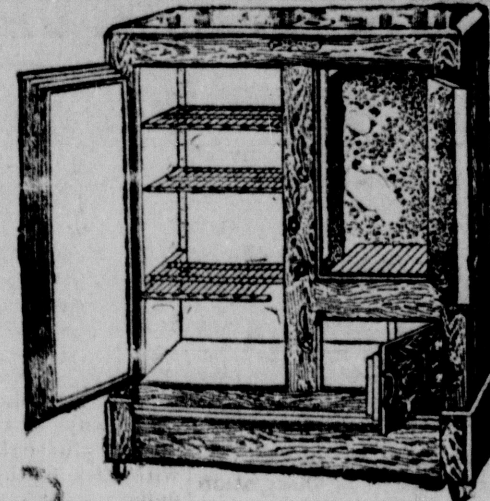

Tomorrow at 11:30 the new Highway Cafe, under new management, will be open to the public. The place has been thoroughly cleaned and painted and will present a very inviting appearance to the public. The motto of the cafe is "Cleanliness and Service," and everything will be in keeping along this line.

SECOND CALL FOR STATE SCHOOL BOYS

A second call is being sent out from the office of the county superintendent of schools for boys who are desirous of attending the state fair school. A call was issued some time ago, but no applications have been filed to date. Names of applicants for the state fair school must be on file in his office within a very few days and boys desirous to take advantage of this opportunity are requested to make application at once.

NOT YET EFFECTIVE.

SANDRA THE JEALOUS

By JANE PHELPS.

SANDRA GOES OVER THE HOUSE

CHAPTER XV

I was terribly uncomfortable all thru dinner. Hetty served us and every little while she would cast a sympathizing glance in my direction. That comforted me, but I knew it would anger Everett. He had caught her, so I tried to avoid looking at her as much as possible.

"Now go and take down that ridiculous tower effect," Everett said, as we rose from the table. You have altogether too much hair to do it that way."

"I'll finish my unpacking, if you will excuse me," I returned. He had told me to take my hair down before the housekeeper. "One would think me a child instead of a married woman to hear him talk," I thought as I climbed the stairs to my room. But as soon as I opened the door I forgot my annoyance, everything but the exquisite room which was to be mine.

"Won't Rose Grandon stare when she sees this?" I said aloud. "I will ask her to come during vacation. That comforted me to my satisfaction. I proceeded to unpack. It was a perfect delight to lay my clothes away in the padded bureau-drawers scented with lavender, and to hang my wraps and gowns in the big closets. I lingered over it so long that Everett called to know if I were coming down again.

"If you want me."

"I'd like some music if you are not too tired."

"No indeed," I called back. "I'll be right down."

I had quite a talent for music, the only one I possessed. Mother was a good musician and I had been well taught. I played an hour for him. Then he sent me to bed.

"Aren't you coming too?"

"Not for awhile."

As I mounted the stairs, he spoke to the housekeeper. I heard the word "library," and then something about him doing as he always had done.

What had he done that he talked over with the housekeeper? I couldn't ask her, neither could I question Everett. But I could wait and see. Perhaps Hetty would know. I could ask her anything I wanted to. She would tell me I felt sure.

I was tired with the journey and the excitement, so went directly to bed—my last waking thought that Rose would be crazy over my lovely home.

The entire house was richly furnished. But of all the rooms, my own room in the soft gray and rose, suited me best. It didn't look as if it had been used very much, while the rest of the house showed some wear.

At breakfast the next morning, Everett said:

"Mrs. Gray will show you over the house today. You will want to know where things are kept."

Mrs. Gray didn't look a bit pleased, but said nothing.

After Everett had left for the office she came to my door and I knew by the jangling of a bunch of keys that she had come for me. And I knew by the expression on her face, that she did not relish her job—albeit I couldn't understand why she felt unkindly towards me.

I jumped up immediately.

"Perhaps we better commence with the linen, Mrs. Graham," she said coldly, preceding me down the stairs.

"Just as you say," I returned carelessly. I really thought it was going to be an awful bore to spend my morning going thru closets, and neither could I

see the necessity for it when we had a housekeeper. But it was Everett's wish—rather, his command—so I must do as he had told me.

I answered her politely when she showed me the piles of neatly stacked sheets and pillow cases, or the table linen and towels. I was more impatient when she insisted upon opening drawers and closets. By this time we were half thru I was bored to death, and yawning. I wanted to go back to my own room and write to Rose and to mother.

"You don't seem interested," Mrs. Gray finally said.

"Forgive me, but really I am not! I don't see why you should be bothered to show me all these things. I am going to live here. There will be time enough to see them, I guess."

"Then you don't intend to take charge?"

"Me! In this big house? Why I couldn't save my life. Aren't you going to stay? Oh, please do!" My first dislike was forgotten in the fear that I was to be left to manage the house. "Mother never let me do but the simplest things to help. She said I was too young."

Tomorrow—Who Could She Be?

HUSBAND LOSER IN RACE WITH DEATH

Mrs. Joseph Wagner, the Wyoming woman who was taken from a North-Western passenger train at Sterling Monday afternoon, passed away at the Sterling hospital a few hours after being taken there, the abscess of the brain with which she was suffering, being the cause of her death. The remains were shipped to Dayton, Ohio, the woman's former home, to which city the husband was trying to get her before death.

U. S. BALLOON EXPERT DESCRIBES DIRIGIBLE WHICH CROSSES OCEAN

(Continued From Page One.)

The greater part of the length of the bag and is only nine inches wide except at its middle where it widens out into a compartment 8 by 20 feet used by the officers and crew as a dining saloon.

Gas In 18 Compartments.

The hydrogen gas—the lifting power of the ship—is carried in 18 compartments inside the envelope. These compartments are at the top of the ship and each is of about equal gas capacity and is equipped with an automatic hand valve for the control of the gas contained in them. These gas compartments are of gold heater skin, which in common language is nothing more than the linings of intestines of calves.

When ready to start on a flight the initial inflation of these gas containers is made. This operation takes place usually at the minimum temperature of the air when the greatest quantity of gas can be taken into the bags. The expansion of gas in the bags is relieved by releasing water ballast at the rate of ten percent of water in 20 degrees of rising temperature. Also ten percent of water ballast is released in each 2,200 feet of altitude.

Start Engines After Ascent.

When the R-34 leaves the ground it is permitted to rise to its equilibrium, or about as high as it can go. On reaching its equilibrium the engines are started and the flight begins. The fuel—gasoline and oil—is carried in 8 tanks. Sixteen of these tanks are fixed

to the frame work of the bag structure and the others are known as sliding tanks and can be discarded as ballast should the occasion arise. These tanks are ranged along the sides of the deck except for the ones over each gondola for the supply of the engines.

The water ballast is carried in canvas bags of two types. There are eight emergency because they cannot be controlled. Six other water bags are controlled by levers and their contents can be released as desired. The water ballast contains alcohol in sufficient amount to prevent freezing in high altitudes. The ship also carries three tanks of drinking water for the crew, each tank containing seventy gallons.

Heat Food From Engines.

The dining saloon contains three tables capable of being raised to the upper frame work when not in use. The saloon is large enough to permit half of the crew to eat at a time. The food is re-cooked and heated as wanted by appliances attached to the exhaust pipes of the engines.

The men of the crew sleep in light hammocks along the sides of the deck suspended over the bag proper, and in case a sleeper falls from his net there is nothing to prevent him falling through the bag to death.

Fore and aft on the top of the bag are cockpits for the observers. These

pits are reached by aluminum ladders some 70 feet in length.

Baggage of the crew is strapped to the frame work. For every person aboard there also is a parachute and a life preserver. These are hung along the passageway or deck. All members of the crew wear rubber soled shoes to prevent the possibility of striking a spark which would mean damage and possible disaster to the bag.

Charge Serbs with Montenegrin Attack

By Associated Press Leased Wire

Paris, Tuesday, July 8.—The Montenegrin government has addressed a new note to the peace conference, protesting against alleged excesses by Serbian troops in Montenegro. The note says that certain villages were attacked by a force of 5000 Serbs, which was equipped with cannon and houses were demolished and women and children killed.

French Siege and Censorship Stand

By Associated Press Leased Wire

Paris, Tuesday, July 8.—(Delayed)—The chamber of deputies today rejected a bill providing for the immediate raising of the state of siege and the suppression of the censorship, the vote being 256 to 202. The government, represented by Stephen Pichon, the foreign minister opposed the measure.

Mr. and Mrs. Mat Kanzier and daughter, Miss Helen, who have been visiting with friends here, have returned to their home in Rockford, making the trip in their automobile.

TEXAS OIL MAKING NEW CROP OF MILLIONAIRES

YOU CAN JUST AS WELL BE IN AT THE BOTTOM AS IN AT THE TOP

You have noticed that usually the ones who make the big money—regardless of the line of industry—are the ones who get in at the start of the game.

Texas, the wonderful land of varied resources, is now occupying the center of the world's stage as the greatest oil-producing area discovered in recent years. This vast store of mineral wealth is coming, too, just at the time when practically the whole world is undergoing a reconstruction period that promises to surpass anything of the kind in the entire history of time.

Never before has there been such a demand for crude oil and with the development of the tractor and aeroplane industries, to say nothing of ordinary commercial uses, it is growing bigger day by day—and should continue to grow for years to come.

You will do well to get started now. It is the logical time. During the past few years Oklahoma and Wyoming have made scores of millionaires, besides hundreds and thousands of comfortable lesser fortunes from the production of petroleum. Now comes Texas with stores that promise to surpass anything hitherto known. You surely want to participate. Texas oil indicates fortune, independence, luxury and the thousand and one things that go with progress and success.

One man has proclaimed that Opportunity knocks but once at your door. Modernism teaches us, however, that it is there continually; knocking again and again; day after day, and if you ever succeed you must eventually answer the call.

GOOD, CLEAN SPECULATION IS THE THING THAT MAKES THE BIG MONEY

I am going to Texas. I am going to get into the oil game and want you to join me—if not actually in person—then in spirit of co-operation.

Write me at once and I'll explain my plan. Just your name and address on a postal card will do. I'll send you full information by return mail. After careful consideration, if you do not care to join me—there will have been no harm done.

You can use your own discretion after you have heard my story. It is surely one of common sense and one that should prove interesting to anyone wanting to better their financial condition.

Don't put it off. "Tomorrow" is too often the stumbling stone in the path that leads to Success. You want to be up in the front ranks and not among the stragglers that bring up the tail end of the procession. Surely, a word to the wise is sufficient!

WHAT A TEN DOLLAR BILL WILL DO

I have a plan that will be a surprise to you. When I tell you that you can become substantially interested with me in the Texas oil fields on a basis as low as ten dollars, you will readily understand that this is a small investor's proposition and not one where all the cream is skimmed off by a favored few.

But space here will not permit me to give the details. Send your name and address and I will be glad to give you full information.

The Vigor of Swift & Company Continues Only Because of Service

The only "control" over the packing industry is the "control" that gathers about the ability to do a necessary job in the best way.

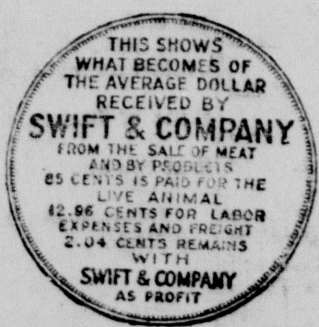

Swift & Company has reached a leading place in the industry because the size and character of the job of providing a nation's meat require the wide and thorough organization, the experience and devotion to duty, found in an institution like Swift & Company.

The moment Swift & Company ceases to perform its functions of usefulness with the greatest efficiency and satisfaction to the people, its position in the industry will vanish.

Swift & Company service is performed at a profit of a fraction of a cent per pound.

Let us send you a Swift "Dollar". It will interest you. Address Swift & Company, Union Stock Yards, Chicago, Ill.

LEGAL PUBLICATION.

No. 183. NOTICE TO CONTRACTORS. Sealed proposals addressed to the Board of Local Improvements and the Council of the City of Dixon, Illinois, and endorsed proposals for the furnishing of the labor and materials for and the construction of vitrified pipe sewer with manholes, catch basins, and house connection laterals in First Street in the City of Dixon, Illinois, as provided for in Local Improvement Ordinance Number 188, Series of 1919, of said City of Dixon will be received by the Board of Local Improvements and the Council of the City of Dixon, until nine o'clock in the forenoon, on Tuesday, the 8th day of July, A. D. 1919, and will be publicly opened by the Mayor of said City of Dixon, (or his President of said Board of Local Improvements) at a joint meeting of said Council and Board of Local Improvements to be held in the Council Chamber in the City Hall in said City of Dixon at nine o'clock in the forenoon, the 8th day of July, A. D. 1919. Said bids shall be opened by the Mayor in the presence of a majority of the Council and shall remain on file in the Mayor's office until the 10th day of July, 1919, for at least 48 hours before an award of said contract is made to any competitive bidder. After the expiration of 48 hours, as above stated, said Council and Board of Local Improvements shall select the lowest bidder and determine on the most advantageous bid for the city and publicly declare the same. The work for which said tenders are invited is for the construction of 229 cubic yards of excavation and backfill, 723 linear feet of 12 inch sewer pipe (dial), 130 linear feet of 10 inch sewer pipe (dial), 500 linear feet of six inch sewer pipe (dial), 3 manholes, complete, 5 catch basins, complete, with ten inch outlet pipes and traps to manholes, as provided for in Local Improvement Ordinance Number 188, Series of 1919 of the City of Dixon, Illinois. Each bid for this improvement must be accompanied by a certified check or cash for an amount not less than 10% of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the President of the Board of Local Improvements, in its official capacity. No bids will be considered unless accompanied by such certified check or cash. Said cash or certified checks will be held by said Board of Local Improvements until all the bids have been canvassed and the contract has been awarded and signed. The return of such check or cash to the successful bidder being conditioned upon his appearance within fifteen days after having been notified of the award having been made to him or them, accompanied by his or their bond, in the sum of \$2000.00, to be required for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and the Council of said City of Dixon. All proposals must be made upon blanks furnished by the City Clerk of the City of Dixon. Payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is completed and the work accepted by the Board of Local Improvements and the Council of the City of Dixon. Bonds to draw interest at 5 per centum. No bid will be considered unless the party making it shall furnish evidence satisfactory to the Board of Local Improvements and Council of the City of Dixon of his experience and ability in this class of work and that he has an ample sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him. Bidders will examine the ordinance, maps, plans, specifications, and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and the surrounding conditions affecting the cost and the nature of the work. Specifications for said work are on file in the Mayor's office and may also be seen at the office of the City Clerk of the City of Dixon from and after this date. The person to whom the contract for the construction of said improvement is awarded shall, before the commencement of work under such contract, provide ample, suitable and valid insurance policies to provide against and pay all claims for injury to persons or property arising under the laws of the State of Illinois, in the prosecution and construction of said work. The Council and Board of Local Improvements reserve the right to reject any and all bids. Dated at Dixon, Illinois, this 28th day of June, A. D. 1919. Signed: THE COUNCIL AND BOARD OF LOCAL IMPROVEMENTS OF THE CITY OF DIXON. By Robert H. Scott, Their Attorney. 151110

MOLINE—Charles J. Mattson, city building inspector, has been appointed deputy state fire marshal.

ROCKFORD—The Steamer Illinois has been purchased by the Rockford Excursion & Amusement company from Captain John T. Baker and will be re-modelled at an expense of \$15,000, rechristened the "City of Rockford" and put into service on Rock river.

MOLINE—Charles V. Gould, an employee of the postoffice for 25 years, son of the late Dan Gould, postmaster from 1886 to 1890, will be the new postmaster of Moline to succeed Edward Coryn. He received the highest rating of a dozen Moline men who took the examination.

ROCK ISLAND—A special election may be held in Rock Island county in the near future for the purpose of voting bonds for a county hard roads system in connection with state aid. The county has done nothing thus far toward meeting the state aid requirements.

FREEDPORT—The city of Freedport will not oppose the 15 per cent increase in rates asked by the Freedport Water company as a temporary measure.

BELVIDERE—Rumor has it that Judge J. H. Cartwright is to resign from the supreme bench and that Judge R. K. Welsh of the circuit court of this district is to succeed him.

EAST MOLINE—On his hands and knees, Medard Rouse, a farmer, crawled a quarter of a mile to a neighbor's house and complained he was dying. He said he had taken a drink from a whiskey bottle. In ten minutes he was dead. His body turned blue before life was extinct.

MT. MORRIS—Four hundred dollars an acre for 120 acres—the farm of Edward Mumma, adjoining this city—was paid by William Messer of Grundy Center, Ia. This is the highest price ever paid in this vicinity for so large a tract.

MOLINE—Corp. Winfield S. Brodt of this city has been awarded the croix de guerre by the French government and cited for gallantry by the American government. The war department will present the croix de guerre at a patriotic meeting here.

FREEDPORT—Sixty thousand dollars was the price paid for the Oscar Miller farm, near here, by John Heidenreich of Lena; the tract containing 200 acres.

MOVE TO CHICAGO. Massey & Massey, Sterling manufacturing chemists, whose products have been handled at a number of Dixon soda fountains, have decided to move to Chicago from Sterling, where they have been in business for the past 15 years.

Mrs. Theodore Carter, formerly Miss Lenora Gooch, of Sterling, visited Dixon friends yesterday afternoon.

Henry Ruback, of Palmyra, was in Dixon Monday.

INDIGESTION Caused by Acid-Stomach

Millions of people—in fact about 9 out of 10—suffer more or less from indigestion, acute or chronic. Nearly every case is caused by Acid-Stomach.

There are other stomach disorders which also are sure signs of Acid-Stomach—belching, heartburn, bloating after eating, food repeating, sour, gassy stomach. There are many ailments which, while they do not cause much distress in the stomach itself, are nevertheless, traceable to an acid stomach. Among these are nervousness, biliousness, dizziness of the liver, rheumatism, impoverished blood, weakness, insomnia, melancholia and a long train of physical and mental ills which keep the victims in miserable health year after year.

The right thing to do is to attack these ailments at their source—get rid of the acid-stomach. A wonderful modern remedy called EATONIC now makes it easy to do this. One of hundreds of thousands of grateful users of EATONIC writes: "I have been troubled with indigestion for about nine years and have spent quite a sum for medicine, but without relief. After using EATONIC for a few days the gas and pains in my bowels disappeared. EATONIC is just the remedy I needed."

We have thousands of letters telling of these marvelous benefits. Try EATONIC and you, too, will be just as enthusiastic in its praise. Your druggist has EATONIC. Get a big box from him today. He will refund your money if you are not satisfied.

ALL DELIVERIES OF CORN HIGHEST OF THE SEASON

By Associated Press Leased Wire

Chicago, July 9.—All deliveries of corn rose swiftly today to the highest prices yet this season. Scarcity of offerings became so pronounced that for the first time the September option went to a premium over July. Excellent weather conditions proved to be only a temporary barrier to the advance, which was stimulated to a large extent by new high prices on hogs. Opening quotations, ranging from 1/4 to 1/2 off, with Sept. 1.91 1/4 to 1.92 and Dec. 1.60 1/4 to 1.61 1/4, were followed by a sharp ascent all around to well above yesterday's finish.

Bullish crop advices gave independent strength to oats. After opening 1/4 to 1/2 higher, including Sept. at 72 1/4 to 72 3/4, the market continued to advance.

Provisions were lifted by the action of hogs and grain. Business, however, lacked volume.

July, in which there was only a light trade, mounted to nearly \$2.00 a bushel, and that price in turn arrived. Free realizing by longs in Sept. failed to affect the market to any important degree. The close was unsettled, 1/2 off to 3/4 net advance, with Sept. 1.95 to 1.95 1/4 and Dec. 1.65 1/4 to 1.65 1/4.

Many Stocks Higher in Exchange Today

By Associated Press Leased Wire

New York, July 9.—Trading became buoyant dealings on the stock exchange assuming the broadest proportions of any recent session. Canadian Pacific extended its rise to nine points, the general advance carrying many speculative issues, notably motors and their accessories 2 to 8 points over yesterday's close. U. S. Steel made only fractional progress, but related issues scored substantial gains. There were numerous additional advances among secondary transportations, and metals and shippings strengthened under the lead of Inspiration Copper and American International. Reactions of 1 to 4 points set in before noon. Call money opened at 9 and 10 percent.
